Antislavery & Human Trafficking Policy

Policy Statement

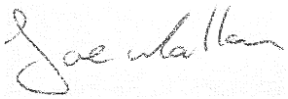

This statement details the policies and procedures in place and the actions taken by Mamo Building Services Ltd to reduce the risk of modern slavery and human trafficking anywhere within its business including supply chain. This document is published in accordance with the Modern Slavery Act 2015.

Mamo Building Services Ltd is a construction and civil engineering company based on the outskirts of Armagh City. It provides Construction, Building maintenance and Civil Engineering services across Northern Ireland.

Modern slavery is a crime and a violation of essential human rights. It can take various forms, such as slavery, servitude, forced or compulsory labour and human trafficking, all of which involve the deprivation of a person's liberty by another person/s to exploit them for personal or commercial gain.

As part of our commitment to reducing the risk of modern slavery and human trafficking within our own business and our supply chains we commit to carry out the following.

1) Publish our policy on antislavery and human trafficking on the Mamo website.
2) Implement a training programme within our purchasing department to raise awareness of this matter within our supply chain.
3) Review the policy on an annual basis.

Joseph Mallon
